Conditions

Subsidence: The policy includes subsidence cover.

Unoccupancy Clause: during the period 1st October to 1st April the central heating system, unless in continuous operation at not less than a minimum temperature of 55F (13C) must be drained and the water system turned off at the mains. If property is unattended or unoccupied for more than 30 days, the property must be inspected by either the insured or the insured's representative.

Property must not be boarded up and the property must be secured by mortise deadlocks on final exit doors and accessible windows secured by key operated window locks and if a burglar alarm is fitted, it must be set.

Declaration: The questions asked on this form relate to facts considered as material to the underwriting of the policy. (N.B. a material fact is one likely to influence the acceptance or assessment of your proposal by underwriters. If you are in any doubt as to what constitutes a material fact, you should consult UPI). I understand that signing of this proposal does not bind me to complete the insurance, but agree that, should a contract of insurance be concluded, this proposal and the statements made therein shall form the basis of the contract. To the best of my knowledge and belief, the information provided in connection with this proposal, whether in my own hand or not, is true and I have not withheld any material facts. I declare that the values stated are not less than the full re-instatement costs. I understand that non-disclosure or misrepresentation of a material fact will entitle underwriters to void the insurance.
